#### AMUSEMENTS.

There was a good house at the Grand last night to witness the opening engagement of the company rendering "Under Sealed Orders." The players are nearly all satisfactory, Mr. Whittaker, the hero, and Miss Kelton, being the best received. There is a little blood, a little thunder, and a great deal of mesmerlsm in the play, but it is all harmoniously commingled and an inter-esting extertainment is made out of it. The same bill goes tonight.

The sale for the "Texas Steer" enragement at the Theater is now on. The advance sale for Stuart Robson begins tomorrow morning. Robson's friends will doubtless be out in force to see him in "Oliver Goldsmith."

### BUTTE FOOTBALL TEAM MAY COME

Offer has Been Made to Have Them Play Salt Lake High School.

TELEGRAM HAS BEEN SENT.

Coach Callahan Has Been Waiting All Day for an Answer-Proposis tion is to Play Saturday.

It was announced last night that a proposition had been made to bring the Butte High school football team to this city for a game next Saturday afternoon, and that the arrangements were practically settled. It was also stated by one directly concerned, that an offer had been made to defray the expenses of the Butte team to this city, but dillgent inquiry this morning failed to confirm the statement.

That some kind of an offer has been nade is certain and the team at this end of the line is anxiously awaiting word from Butte. Coach Callahan of the High school stated today that the matter was definitely decided so far as Salt Lake was concerned; that is he High school is willing to play butte next Saturday. Callahan said that he was expecting a telegram from Butte any moment, but up to a late hour it had not arrived. Mr. Callahan denied that the Walker management or the team manager had guaranteed or offered to bear the expense of the Butte team coming here.

FOOTBALL GAME YESTERDAY.

Oquirrh and Washington Teams Played Under Protest of Latter. A large crowd attended the game be-A large crowd attended the game between the Washington and Oquirth teams yesterday afternoon, and were more than paid for their trouble, by witnessing a game full of snap and ginger. It was played under protest, but that did not effect the determination of every player to do the very best there was in him. The cause of the trouble was this: The Washington management alleged that the Oquirrhs were playing men who had no right to applaying men who had no right to appear in the line up by reason of their non-membership of the school the team represented. It is alleged that when the same teams met before that, altered the team represented to the team of the team o the same teams met before that, although the game resulted in a tie, the Oquirrhs realized they were up against a hard proposition and therefore decided to take no more chances than necessary. Hence the changes in their sary. Hence the changes in their team yesterday. They could not afford to disappoint the large enthusiastic crowd present and, under the aforesald circumstances, the game proceeded. The feature of the game was the har bucking indulged in by both sides, a big gain being made in every instance. During the first half of the contest, Full-back Smith of the Washington made a sensational run around left end, and came very close to a touchdown, but

was tackled just before reaching the goal. In their excitement the spectators urged all over the field and greatly indered the players in their work. Oquirrh finally made a touchdown and won. At the conclusion of the game, the controversy was taken to Referee Hugh Rippeto for arbitration. He deided that the Oquirrhs were in erro and threw the game out. He gave that eam one more chance, however, to settle the question with their opponents. The teams are therefore still tied. Fol-

lowing was the lineup: Oquirrh, 5. Position. Washington, 0. Soffe (Capt.) L. E. McIntosh Chamberlain L. T. Reynolds Edwards L. G. Rich Febrensen C. Farrington Kearns R. G. Tripp Hartlet R. E. GOOD GAME ON TODAY. Second Teams of the Y. M. C. A. and All Hallows Matched.

A contest between the second teams of the Y. M. C. A. and All Hallows was scheduled for this afternoon at Walker's field. The contesting elevens have been very anxious for a long time to come together on the gridiron inasmuch as each claim the title of "second championship" of this city. The result of today's battle will very likely settle the dispute. The Y. M. C. A. put in a couple of hours at hard practice last night and expressed confidence in their ability to win. On the other hand the All Hallows feel certain that victory will perch upon their banners for they claim to have an inexhaustable supply of "secret plays" that are cal-culated to bewilder their opponents. The teams lined up as follows:

New York, Oct. 23 .- The Herald says: The end of the question as to who shall build a yacht to defend the America's cup, which is perplexing the officers of the New York Yacht club, is likely t be the formation of a syndicate to build the new boat, and the members of it will be of the younger generation of yachtamen. Great hope is expressed that at the meeting tomorrow night which by the way will be the last reg lar meeting that will ever be held at the Madison avenue house, something official may be said about the new ves-sel. #### STRIFE IN BASEBALL CIRCLES. National League Magnates Seeking to

Forestall Baltimore Organization.

New York, Oct. 23 .- Two plans of ac-

One of these plans is to reestablish the twelve club circuit, the other is to join with the American league in a scheme so that that organileague in a scheme so that that organization can extend its circuit to the East. Should the first proposition be taken up Washington and Baltimore will be embraced in the circuit in the East and Detroit and Cleveland in the West. It is rumored that if the second proposition is deemed feasible that is a coalition with the American league, the league will be composed of teams in Boston, Philadelphia, Baltimore and Washington in the East and Cleveland, Washington in the East and Cleveland Chicago, Milwaukee and St. Louis in the West. A further feature of this scheme would be that the American league schedule would be so arranged as to have games on National league grounds in the Eastern cities and in St. Louis and cleveland, while the clubs of the larger organization were traveling. The National league to carry out this would provide the grounds in the places not specified. The whole arrangement, the magnates are said to think, would discourage the National association in that it would insure continuous baseball in it would insure continuous baseball in the cities, which, it s expected, will have association franchises
